

Sherry Scott  
Feb. 25, 1947 - June 14, 2018

Sherry will be remembered at Fun N Sun for her spunk, friendliness, and creative abilities such as painting and costume-making. She found the energy to pursue these skills even while fighting cancer and making frequent trips to MD Anderson in Houston for treatment and assessment. Sherry also used her decorative talents to help start the Fun N Sun Memory Books in 2008. Sherry loved to camp in her Class C motorhome with her two cats, Tammy and Hannah.

For much of her life, Sherry was involved in politics and attended district and state conventions for the Republican Party. Her last convention was in the summer of 2015.
